HIMA AUS EDUCATION CONSULTANCY IS ONE OF THE LEADING
EDUCATION CONSULTANTS SPECIALISING IN EDUCATION AND
MIGRATION ADVICE.

THE COMPANY

ABOUT US

Hima Aus Education Consultancy Pty Ltd was founded in Sydney in 2008 with a mission and vision to provide quality educational services to the growing number of international students in Australia. Over the years, we have grown bigger and have extended our services with the establishment of our offshore offices.

Having been through the journey of being an International student ourselves, we have firsthand knowledge and experience of studying away from home. We listen, we guide, and we encourage our students to reach their education and career goals.

Our team comprises of energetic, highly qualified and experienced education counsellors in order to provide our services with assurance and confidence. During this voyage, we have built a strong bond with our partners and education providers to work more coherently and have adapted and adhered to the changing regulations and policies that govern education industries in Australia.

We have been providing our services from various parts of Australia (Sydney, Brisbane, soon in Melbourne), Nepal (Kathmandu, Pokhara, Chitwan, Butwal, Birtamod), India (Vadodara), Sri Lanka (Colombo) and Thailand (Chiang Mai). Alike the various places, we provide numerous services to our students including education counseling, course selection, University/College selection, offers and admission processing, overseas health insurance, pre-departure briefing, airport greeting upon arrival, employment assistance, accommodation support and all kinds of visa assistance.

MISSION & VISION

Hima Aus seeks to create a professional and personal connection with each student that walks through its doors. As we have grown over the years, we have been able to see our students grow with us, with many achieving their dreams. We will continue to stand by our vision to provide quality education services to past and future students and be there for them in every step of their journey.

OUR VALUES

Providing genuine and accurate advice, and guidance to our students lies in the heart of what we do. We share our own stories to inspire our students and strive to be an integral part of their journey to achieve their education and career goals. We are proud of our ethical standards and the reputation we have gained since our inception.
